Thursday, October 11

We want to hear from you!

Come tell us what you think about the Environmental Impact Report for the new hospital.

The Environmental Impact Report (EIR) is completed and now is your chance to review it and comment about the plans for the new Marin General Hospital building. Seismic standards have changed and we are looking at construction on a new facility that will better meet the needs of the community while complying with the new requirements. We'll be sharing the EIR at this community forum and we encourage you to attend. This report details the effects experts think the new hospital will have on the environment.

Review the report in advance at www.marinhealthcare.org/mgh_eir and come prepared with your thoughts, questions, and comments. We want to hear what you have to say.

COMMUNITY FORUM

Marin General Hospital: Environmental Impact Report

Thursday, October 11, 2012

7 – 8 pm

Marin General Hospital

Conference Center

250 Bon Air Road

Greenbrae, CA 94904
