

GREENBRAE NEIGHBORS OF THE *NAVARRO NEIGHBORHOOD RESPONSE GROUP*

Please join us for the next

NAVARRO NRG MEETING

Monday, March 25th

7:00 – 8:00 PM

Marin Catholic High School Library
675 Sir Francis Drake Blvd.

Join with your neighbors to make our community fire safe and earthquake prepared.

At this meeting you will learn:

- What the County, Cities, and Neighbor Volunteers are doing to prepare
- What the Marin NRG program is and how it can benefit our neighborhood
- How we can organize ourselves and resources to help each other
- How you can support this effort and be involved
- What kinds of training are available to residents

In most disasters, between 70% and 95% of victims are rescued by neighbors, not professional responders. In a major event, professional responders may be delayed from 5 to 7 days. Let's learn how to prepare to evacuate in case of catastrophic fires and what to do to help ourselves after an earthquake until outside help can arrive.

The Greenbrae Hills are organizing into 7 Neighborhood Response Groups

Your household is part of the Navarro NRG

RSVP: susan_mark@comcast.net

For more information about all of the Central Marin NRGs, go to www.marinnrg.org

[Conversations will also be starting in Nextdoor Groups under Navarro NRG](#)

Or contact Laurie Rice at coordinator@nrgmarin.org
